The Interior Journal

WALTON & SAUFLEY, Editors and Managers.
A YEAR'S PUBLICATION IN ADVANCE.
Entered at the post office at Stanford, Ky., as second-class matter, June 29, 1915.

POLITICAL CANDIDATES.
The Interior Journal has been organized to promote the following candidates for office, who are to be elected at the general election, Aug. 10, 1915:
For Governor, J. B. Paxton, of Boone County.
For Lieutenant Governor, J. W. Rochester, of Boone County.
For Attorney General, J. B. Paxton, of Boone County.
For Secretary of State, J. W. Rochester, of Boone County.
For Treasurer, J. B. Paxton, of Boone County.
For Auditor, J. W. Rochester, of Boone County.
For Comptroller, J. B. Paxton, of Boone County.
For Register, J. W. Rochester, of Boone County.
For Recorder, J. B. Paxton, of Boone County.
For Coroner, J. W. Rochester, of Boone County.
For Sheriff, J. B. Paxton, of Boone County.
For Marshal, J. W. Rochester, of Boone County.
For Jailor, J. B. Paxton, of Boone County.
For Prisoner, J. W. Rochester, of Boone County.

A number of Confederate soldiers have shown us letters from Capt. W. J. Stone, head of the Confederate Pension Department at Fayetteville, which he urges them to write to nominate a certain immediate for secretary of state. We do not know but we rather suspect that he is more governed by his animosity for Candidate W. P. Walton than love for his man. The captain, hollered Governor's nomination after going into the convention and acted as a member of the committee. As the captain does, he appears to fall on the side of those who are Democrats whether they win or lose. His protest has nothing on Walton in anything that he claims his man is. Walton is also the son of a confederate soldier long since gone to his reward, and when he is asked to serve the state and fails to make any better record in office than a certain candidate we shall down him as a brother.

Here is a belated thought about Bryan, and he is given the benefit of it because it is due him. Bryan has been before the country, an active character, a continuous performer, for twenty years. Can you beat it? The silver issue of years is settled at now as being silly, but there never was an issue since the Civil War which was so serious at the time. The writer recalls several personal conflicts to have resulted from discussions of its merits, and he doesn't recall that people ever became so heated on any other national subject. And Bryan made the issue. Then Collier's reminds us that it was due to Bryan that William McKinley was elected at Baltimore. If it hadn't been for Bryan, Champ Clark would have been the nominee and we quake to think what might have happened if Clark had been in the president's office during this crisis. To Bryan we owe this escape.

The liquor press and candidates are making a great deal about Mr. McKinley, warning the farmers that if they vote for him they will raise their taxes. Not a word of this is so. McKinley stands in this race for submitting the question of state-wide prohibition to a vote of the people. If they are against it when it comes to a vote, let them beat it, but the people are certainly entitled to a vote on it. They vote on stock laws, road laws, and suffrage laws, why not on this question, which is the most important affecting the American home today? Incidentally, in regard to the tax question, Kansas which has state-wide prohibition has a lower state rate than Kentucky with all of her so-called revenue producing saloons and liquor manufactories.

The democrats of Lincoln and adjoining counties are requested to join the candidacy of Col. W. P. Walton, who for 40 years has helped to fight democracy's battles and who has never heretofore asked for office. He wants the democratic nomination for Secretary of State; is fully competent to fill the high office and that he will do so with credit if given the opportunity, none who know him will gainsay. No man has a cleaner political record nor has any done harder service for the party of parties. A vote for him will be a real reward for duty well performed. Give him that vote.

Splendid reports come from Mercer county concerning Judge J. S. Owsley's race for democratic nomination for county attorney. Many think he will carry that county, while one enthusiastic supporter of the Lincoln entry offered to bet three to one that he would do so. Judge Owsley is running a clean, dignified race, has made no "deals" and is running on his merits alone. Lincoln county is solid for him and if he carries Mercer and Garrard, as his friends assure him that he will, it will be a record for a race to make it interesting.

The Danville Advocate calls Mr. Chesney a fakir and says he is in figures to suit his own purposes. When Shelton Saufley, who is in Frankfort managing Mr. McChesney's campaign, reads that statement he will doubtless call on Mack and "Rich" to produce their authority to stand charged with maliciously uttering things that are not so. It would be a hard task to magnify the evil influences of whisky and the "dry" candidate for governor is a man of parts if he can do so.

Leo Frank is doing time as a life convict in Georgia; Gov. Slaton's term has expired and he is being re-elected at some mountain resort; things have about resumed their normal conditions at Atlanta, so now let's have a good long rest and try and forget Frank, the awful charge the jury declared him guilty of and everything connected with a trial which has caused the whole world to sit up and take notice.

The startling news comes by way of Lancaster that six prisoners broke jail at Whitesburg, Letcher county. The towns are several hundred miles apart, but the resources of the Lancaster reporter is frequently shown by the special dispatches they send covering news from Mills Point to the Big Sandy and from Cape Cod to Kalamazoo. Some reporters, that Lancaster bunch, to be sure.

The Louisville Post says that Louisville owes its solid support in the gubernatorial race to Lieut. Gov. E. J. McDemott. The democracy of the Falls City may pay the debt, but it will have to get its orders from some other source than Dick Knott and his Post.

DYER, TENN., MAN SUFFERED 40 YEARS

J. T. Castleman Finds Hope Fulfilled After Passing Threescore Years.

J. T. Castleman of Dyer, Tenn., suffered from stomach derangements for forty years, taking all sorts of medicine, following all kinds of medical advice.

In all the forty years, he said, he never had a real good day until he tried Mayr's Wonderful Remedy. Then he discovered something. Let his letter tell about it.

"The first dose of Mayr's Wonderful Remedy caused gall stones to pass from me. I am feeling much better than I have ever before. I am 64 years old and I had never before enjoyed one whole good day."

"I would not give the one bottle you sent me for all the drugs and doctors' medicine that is made."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get some little of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years

Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I took so well. I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly troubles, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Write to: Chatterbox Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for "Woman's Friend," a book and a box of "Cardui," a plan wrapper. N.C. 154

There is more Calabar in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a fatal disease and prescribed local medicine, and by constantly talking to cure with local treatment, prevented it from being cured. It has been proven that it is a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only medicine that cures it. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and cleanses the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body, and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat the cause by enriching your blood with the oil found in Scott's Emulsion which is a medicinal food and a food source, free from alcohol or any harmful drugs. Try it.

\$1,635,000 Hidden

In This Year's Goodyear Tires

Here are amazing facts:

Goodyear Fortified Tires contain five costly features found in no other tire. They have other features not common.

If we omitted those features, this year's probable output would cost us \$1,635,000 less. We could add that much to our profits. And you would never know it until troubles came.

This year's improvements alone will cost us \$500,000 yearly. Most of this goes into extra rubber—all into extra wear.

And we shall spend on research \$100,000 this year to find other betterments still.

Users Save

\$5,000,000

Yet our 1915 price reduction—made February 1st—will save Goodyear users about \$5,000,000 this year. And that was our third reduction in two years, totaling 45 per cent.

These extra features—used by us alone—will save users millions more.

That's why Goodyears dominate. They have long outlasted any other. They are gaining new users faster than we can supply them. We hope, for your own sake, that they'll soon win you. Any dealer will supply you.
